## 1 GENERAL

All prices are given in Norwegian Krone (NOK) VAT/MVA not included. For further information relating to business practices and the prices shown, refer to the Terms and Conditions for Port of Hammerfest KF (Hammerfest Havn KF).

The operator or representative of any vessel shall give suitable notice to the Port Authority before the vessel's arrival in the Port District (If possible, at least 24 hours before arrival). Advanced notice can be given preferably to Safe Sea Net or via email: [havnevakt@hammerfest.havn.no](mailto:havnevakt@hammerfest.havn.no)

Any changes or cancellations are to be communicated using the same methods.

Should any changes to time of arrival/departure happen in under 24 hours of the agreed times, additional charges will apply to compensate for any resulting extra costs.

## Contact Information Port of Hammerfest KF

	E-mail address	Telephone
Port Office	<a href="mailto:post@hammerfest.havn.no">post@hammerfest.havn.no</a>	+47 78 40 74 00
Port Authority	<a href="mailto:havnevakta@hammerfest.havn.no">havnevakta@hammerfest.havn.no</a>	+ 47 913 70 311

Some prices have been adjusted. Call charge has been slightly reduced and other charges have been slightly increased.

## 2 FAIRWAY DUES AND QUAY CHARGES

### FAIRWAYS CHARGE

Fairways charge accrues per call in the designated area. Repeat calls within the same 24 hour period will result in only one additional charge.

For vessels that call at the port regularly, the Port Authority can decide to charge for a fixed amount of calls within a calendar month. A monthly fee can also be established.

Vessels that mainly dock without leaving the rentable area pay for their usage of the fairway and harbour. Charges can be calculated on a monthly or annual basis & it should be clearly disclosed if vessels are to be stationary or active.

### QUAY CHARGE

The Quay Charge is the ships payment for the use of Quays either leased by Port of Hammerfest KF, or those that are part-owned by Port of Hammerfest KF. The Quay charge is comprised of two elements: payment for each time a ship docks and payment for the duration of a ships' stay at the quay. Pricing policy is based on gross tonnage, which is in accordance with established practices. The Quay charge does not cover eventual use of the Quay area.

The following are the base charges, unless alternative pricing is otherwise agreed:

#### 2.1 FAIRWAY DUES AND QUAY CHARGES

Interval in GT	Fairway dues		Quay charges	
	Price per GT	Price per Intervals	Price per GT	Price per interval
1 - 600	0,90	540,00	1,60	960,00
601 - 2000	0,65	910,00	1,01	1 414,00
2001 - 5000	0,54	1 620,00	0,78	2 340,00
5001 - =>	0,39	-	0,46	-

ESI Score discount:

- Ships with ESI score over 50 = 20% discount.
- Ships with ESI score over 70 = 40% discount.

Prices apply to all harbour areas within the municipality  
Minimum quay charges are is NOK 152,00 per day.

## 2.2 QUAY CHARGES FOR PASSENGER VESSELS IN COASTAL TRAFFIC

Interval in GT	Quay charges	
	Price per GT	Price per interval
1 - 600	1,79	1 075,00
601 - 2000	1,16	1 617,00
2001 - 5000	0,90	2 686,00
5001 - =>	0,54	-

## 2.3 QUAY CHARGES FOR CRUISE SHIPS

Interval in GT	Quay charges	
	Price per GT	Price per Intervals
1 - 600	3,37	2 020,00
601 - 2000	2,66	3 725,00
2001 - 5000	2,01	6 038,00
5001 - =>	1,21	-

### 2.3.1 ENVIRONMENTAL PORT INDEX (EPI)

Environmental Port Index (EPI) is a model for quantifying and reporting the environmental impact of cruise ships during port stays. The goal is that this will provide incentives in green technological solutions, as well as increase port costs for the most polluting vessels.

Cruise ships arriving Hammerfest Port must report data from the call not later than 72 hours after departure. For ships not reporting within this deadline, the port charges will be added 125%. The EPI score will provide a discount or add in the port charges base on the following table:

From	To	Add/Discount
-	9,99	25 %
10,00	19,99	15 %
20,00	29,99	5 %
30,00	39,99	0 %
40,00	49,99	-3 %
50,00	59,99	-5 %
60,00	69,99	-7 %
70,00	79,99	-9 %
80,00	100,00	-11 %

Cancellations made 48 hours under agreed arrival will result in charges for both running costs and for 20% of the Quay Charge.

## 2.4 USE OF THE MUNICIPAL SEA AREA AND ANCHORAGE PLACES – HAMMERFEST LNG

Interval in GT	Use of the municipal sea area	
	Price per GT	Price per Intervals
1 - 600	1,42	852,00
601 - 2000	1,07	1 498,00
2001 - 5000	0,91	2 730,00
5001 - =>	0,63	-

This covers the municipality's harbour areas that Port of Hammerfest KF has at its disposal.

All usage of mooring spots in the sea area are agreed in advance with Port of Hammerfest KF.

Dockings of longer than 5 days in waiting for other activity, will incur charges to cover the Hammerfest Port Authority's costs of security and emergency preparedness.

Cross register tonnage	NOK per started day
<10 000	454,00
10 000-29 999	903,00
30 000-10 0000	1 355,00
>100 000	1 806,00

### 2.4.1 SPECIAL OPERATIONS

Prices regarding operations/work that occupy harbour areas within the port district shall be set upon closer agreement

### 2.4.2 OTHER ACTIVITY

Drilling rigs, pipe-laying vessels, crane vessels or other construction vessels shall, in addition to the Fairways Charge, pay fees determined by the scope and nature of their respective works.

Seaplanes that land with the Port District's borders shall pay a landing fee of NOK. 551,00

## 2.5 VESSELS WITH LOA UNDER 15 METRES & UNDER 20 GT

Vessels with LOA less than 15 meters pay compensation according to the	NOK per day
24hr price	101,00
Monthly price	1 515,00

- Includes renovation

## 2.6 MARINAS

Business	Small craft harbours	
	Doposit	Annual
< 3,0 meters	20 000,00	6 116,00
3,0 - 4,0 meters	20 000,00	8 153,00
4,0 - 5,0 meters	20 000,00	10 192,00

### 2.6.1 FUGLENES MARINA

Business	Small craft harbours	
	Doposit	Annual
< 5,0 meters	20 000,00	12 900,00

- MVA/VAT not included for recreational boats in the marina.
- Recreational boats that utilise Port of Hammerfest KFs guest harbour facilities pay a fee of NOK 227,00 per day, boats over 11 meters pay 454,00 per day.
