2 GENERELT

All prices are given in Norwegian Krone (NOK) VAT/MVA not included. For further information relating to business practices and the prices shown, refer to the Terms and Conditions for Port of Hammerfest KF (Hammerfest Havn KF).

The operator or representative of any vessel shall give suitable notice to the Port Authority before the vessel's arrival in the Port District (If possible, at least 24 hours before arrival). Advanced notice can be given preferably to Safe Sea Net or via email: havnevakt@hammerfest.havn.no

Any changes or cancellations are to be communicated using the same methods.

Should any changes to time of arrival/departure happen in under 24 hours of the agreed times, additional charges will apply to compensate for any resulting extra costs.

Contact Information Port of Hammerfest KF

	E-post	Tlf
Port Office	post@hammerfest.havn.no	+47 78 40 74 00
Port Authority	havnevakta@hammerfest.havn.no	+47 913 70 311

The general increase in costs due to interest and the rise in prices is used as the basis for the increase in prices in 2024.

A change has been made when it comes to renovation. This is now included in the quay charges.

In order to reduce paper consumption and save the environment, Hammerfest Havn KF charges an invoice fee of NOK 100.00 ex VAT on all invoices sent by post. Invoices sent by e-mail or EHF will not incur an invoice fee from 2024. Please contact us at post@hammerfest.havn.no if you want changes to how the invoice should be sent.

3 FAIRWAY DUES AND QUAY CHARGES

FAIRWAYS CHARGE

Fairways charge accrues per call in the designated area. Repeat calls within the same 24 hour period will result in only one additional charge.

For vessels that call at the port regularly, the Port Authority can decide to charge for a fixed amount of calls within a calendar month. A monthly fee can also be established.

Vessels that mainly dock without leaving the rentable area pay for their usage of the fairway and harbour. Charges can be calculated on a monthly or annual basis & it should be clearly disclosed if vessels are to be stationary or active.

QUAY CHARGE

The Quay Charge is the ships payment for the use of Quays either leased by Port of Hammerfest KF, or those that are part-owned by Port of Hammerfest KF. The Quay charge is comprised of two elements: payment for each time a ship docks and payment for the duration of a ships' stay at the quay. Pricing policy is based on gross tonnage, which is in accordance with established practices. The Quay charge does not cover eventual use of the Quay area.

3.1 FAIRWAYS CHARGE AND QUAY FEE INCLUDING RENOVATION

Fairway dues	
Interval in GT	Price per GT
1 - 600	0,93
601 - 2000	0,67
2001 - 5000	0,56
5001 - =>	0,40

A discount is introduced on the water tax at the following rates.

- Ships with an ESI score above 50 receive a 20% discount.
- Ships with an ESI score above 70 receive a 40% discount.

Quay charges per day	
Price per GT	Price per GT
1 - 600	2,06
601 - 2000	1,34
2001 - 5000	1,03
5001 - =>	0,62
Minimum price per day	180,00

From 2024, the ordinary waste disposal fee is included in the quay fee.

Vessels that order the delivery of larger quantities of waste through Hammerfest Havn KF pay the actual expenses incurred by the port authority in this connection. In addition, a 20% administration fee is charged.

3.1.1 ISPS RATES

ISPS	
ISPS calls: percentage of the vessel's quay ch	30 %
Vehicle per day	43,40

The ISPS charge is set at 30% of the quay charge per 24 hours. There will be additional costs to cover Security.

Under the normal working circumstances of Security Level 1, charges are as shown in the price list. Should the security level escalate, vessels will be required to pay additional costs that are incurred as a result.

3.2 PASSENGER FEES

Description	NOK
Passenger compensation	7,90

Vessels and vehicles engaged in passenger traffic are to pay a passenger fee.

The charge covers both off- and onboarding passengers, as well as passengers using the Hammerfest Port Authority's facilities.

3.3 PASSENGER SHIPS IN COASTAL ROUTE TRAFFIC INCLUDING RENOVATION

Quay charges - Passenger ship in coastal route trafik	
Interval in GT	Price per GT
1 - 600	2,12
601 - 2000	1,37
2001 - 5000	1,06
5001 - =>	0,64

From 2024, the ordinary waste disposal fee is included in the quay fee.

Vessels that order the delivery of larger quantities of waste through Hammerfest Havn KF pay the actual expenses incurred by the port authority in this connection. In addition, a 20% administration fee is charged. For passenger compensation. See point. 3.2

3.4 CRUISE SHIP INCLUDING RENOVATION AND ISPS

Quay charges - Cruise ship	
Interval in GT	Price per GT
1 - 600	6,70
601 - 2000	5,36
2001 - 5000	4,02
5001 - =>	2,41
ISPS fee per passenger	22,86

From 2024 is ordinary ISPS (ex passenger fee) and waste disposal fees included in the quay fee.

Vessels that order the delivery of larger quantities of waste through Hammerfest Havn KF pay the actual expenses incurred by the port authority in this connection. In addition, a 20% administration fee is charged.

3.4.1 ENVIROMENTAL PORT INDEX (EPI)

Environmental Port Index (EPI) is a model for quantifying and reporting cruise ships' environmental impact during port stays. The aim is for this to provide incentives within green technological solutions, as well as increase port costs for the most polluting vessels.

Interval - EPI	Add/Discount
Not reported within the 72 hour deadline	50 %
0,01 - 14,99	25 %
15 - 29,99	15 %
30 - 39,99	5 %
40 - 49,99	0 %
50 - 59,99	-4 %
60 - 69,99	-7 %
70 - 79,99	-9 %
80 - 100	-11 %

Cruise ships arriving at Hammerfest Harbor must report data from the call no later than 72 hours after departure. The EPI score will give a discount/addition in the quay fee based on this table.

In the event of cancellation less than 48 hours before the scheduled call, the actual incurred costs and 20% of the quay fee will be invoiced.

3.5 USE OF THE MUNICIPAL SEA AREA AND ANCHORAGE PLACES – HAMMERFEST LNG

Use of the municipal sea area	
Interval in GT	Price per GT
1 - 600	1,68
601 - 2000	1,27
2001 - 5000	1,08
5001 - =>	0,75

This covers the municipality's harbour areas that Port of Hammerfest KF has at its disposal.

All usage of mooring spots in the sea area are agreed in advance with Port of Hammerfest KF.

Dockings of longer than 5 days in waiting for other activity, will incur charges to cover the Hammerfest Port Authority's costs of security and emergency preparedness.

Anchorage beyond 5 days	
Cross register tonnage	Price per day
<10 000	539,00
10 000-29 999	1 070,00
30 000-10 0000	1 606,00
>100 000	2 139,00

3.5.1 SPECIAL OPERATIONS

Prices regarding operations/work that occupy harbour areas within the port district shall be set upon closer agreement

3.5.2 OTHER ACTIVITY
